# End of year Newsletter

Last Prewired of 2014: 17th December
First Prewired of 2015: 14th January

## Prewired.
www.prewired.org

Prewired goes weekly

Due to popular demand, from January Prewired will be held weekly! The time and day will stay the same: **Wednesdays, 5.30-7.30pm**. Attendees are still welcome to come to as many or as few sessions as they'd like. In related news...

Prewired is moving

We have kindly been offered space in **CodeBase** (www.thisiscodebase.com), which is also home to many small and large technology companies. Here we'll have a more flexible space and better resources.

CodeBase is just a few minutes down the road from Appleton Tower: **Argyle House, 3 Lady Lawson Street**. You can enter through the main entrance, and follow signs to the event space.

Lego League Competition

The First Lego League regional finals took place on Saturday 29th December, and many many weeks of hard work and preparation paid off! Congratulations to Prewired's team *Zwired*, who won the **best presentation award** and came **fourth** overall!

Organisational structure

Prewired is volunteer-run, with a loose organisational committee (which includes the original founders, UoE academic staff and students, parents, mentors and a long-time attendee). We plan to introduce more structure in the near future by becoming a SCIO (Scottish Charitable Incorporated Organisation). We are keen to get parents' input, and would love to hear from anyone interested in getting involved, or just finding out more about the process we are going through; email hello@prewired.org.

Keep up to date with Prewired goings-on by signing up for **the email newsletter at prewired.org!**
